

Have you heard how much emergency air ambulance service costs?

Right now it's only \$29 a year! *That's priceless.*

An emergency air ambulance transport could cost you thousands of dollars. And although many health insurance programs cover a percentage, you could still be personally responsible for thousands of dollars in out-of-pocket expenses.

Announcing Methodist AirCare REACH for Life low-cost membership!

Every hour of every day, the skilled and caring people of Methodist AirCare are on alert for the call that can save a life.

A premature baby needs special care 100 miles away. A car accident is not far from a hospital, but it's rush hour. A stroke victim needs specialized care and the doctor needs to move her quickly to another hospital. *Methodist AirCare is standing by.*

Introducing our new membership program: REACH for Life.* Cover yourself and your entire family for **only \$29** (will be \$45 after July 31). *Special offer for friends of Methodist Healthcare only. Enroll online, by mail or by phone (see below).*
